

Appendix 1b

Kick-off Meeting ToK-Dev. Project “SOPHOLIDES” (2005-2009)

Tuesday, 28 June 2005

Institute of Organic and Pharmaceutical Chemistry
National Hellenic Research Foundation
48 Vassileos Constantinou Ave., 11635 Athens, Greece

Programme:

10.00	Welcome
10.10-10.20	Overall presentation of the project and research objectives <i>T. Calogeropoulou</i>
10.20-11.10	Presentation and Discussion of Task A <i>T. Calogeropoulou</i>
11.10-12.00	Presentation and Discussion of Task B <i>M. Micha-Screttas</i>
12.00-12.30	Coffee-break
12.30-14.30	Keynote lectures open to all the researchers of NHRF “An overview on microwave-assisted synthesis” Professor André Loupy Université Paris Sud, C.N.R.S. “Studies on Functional Materials at Coventry University” Professor David Walton Coventry University
14.30-15.15	Lunch Break
15.15-16.05	Presentation and Discussion of Task C <i>B. Steele</i>
16.05-16.55	Presentation and Discussion of Task D <i>G. Heropoulos</i>
16.55-17.00	Overall discussion and timetable of outgoing fellows
20.00	Dinner

Institute of Organic and Pharmaceutical Chemistry

National Hellenic Research Foundation

Applications of High-Energy Techniques in Synthesis

“An overview on microwave-assisted synthesis”

“Studies on Functional Materials at Coventry University”

Professor André Loupy
Université Paris Sud, C.N.R.S.

Professor David Walton
Coventry University

Tuesday, 28 June 2005, 12:30 p.m.
Small Auditorium NHRF
Vas. Constantinou Avenue, 11635 Athens
