Εθνικό Ίδρυμα Ερευνών

## LECTURE

*“Synthesis of caged compounds: Caged ligands for vanilloid receptor type I (TRPV1) and caged derivatives of mitochondrial uncoupler AG10”*

by

**Dr. Nicolaos Avlonitis**

Postdoctoral Researcher

Institute of Organic Chemistry and Pharmaceutical Chemistry  
National Hellenic Research

**On Tuesday, 29th January 2008**

*At the Seminar Room, Ground Floor, at 12:00 o'clock*

National Hellenic Research Foundation

48 Vass. Constantinou Avenue, Athens
