Nagia S. Tagiara / Distinction

Dr. N.S. Tagiara, post-doctoral researcher at the Theoretical and Physical Chemistry Institute of the National Hellenic Research Foundation, was awarded the “2022 Norbert J. Kreidl Award for Young Scholars in Glass Science” by the American Ceramic Society, for her outstanding Ph.D. thesis work on “Synthesis, structure and properties of pure TeO₂ glass, binary and ternary tellurite glasses”. Nagia S. Tagiara conducted her Ph.D. studies at the TPCI/NHRF, under the supervision of E.I. Kamitsos.
