

IMMUNO-model

Modelling immunotherapy response and toxicity in cancer

www.immuno-model.eu

Immunotherapy has revolutionized the way cancer patients are treated! You may wonder...

How does immunotherapy work?
Can I benefit from this treatment?

The **IMMUNO-model CA** is a European project where scientists and doctors work together to improve the efficacy of immunotherapy for cancer patients.

Find out more about **immunotherapies** and our **IMMUNO-model COST Action**.

Your **feedback** as a patient is very important to help guide this work!

Please don't hesitate to reach out to us, we would be delighted to welcome you to the IMMUNO-model community.

KNOW MORE

This flyer is based upon work from COST Action IMMUNO-model CA21135, supported by COST. COST (European Cooperation in Science and Technology) is a funding agency for research and innovation networks. Our Actions help connect research initiatives across Europe and enable scientists to grow their ideas by sharing them with their peers. This boosts their research, career and innovation.
